NUMBER 7

Henry Wise Wood Passes At Calgary

"MOSES OF ALBERTA FARMERS" PASSES AWAY IN HIS 81st YEAR

Calgary—Terminating a life of service to his fellowmen, his adopted country and province and particularly the "plain dirt farmer," Dr. Henry Wise Wood died in Calgary today. He had reached his 81st birthday on May 31.

Companion of the Order of St. Michael and St. George, honorary doctor of law, honorary president of the Alberta Wheat Pool, past president of the United Farmers of Alberta, Dr. Wood had been in indifferent health for some time.

Recently he suffered a fractured thigh and was admitted to hospital. His advanced age and other ailments resulted in a steady decline for the past three weeks and at 1 o'clock Tuesday morning he passed away as he had lived—quietly and peacefully.

He is survived by three sons John with the Alberta Wheat Pool; Roy and Ray farming near Carstairs.

Called "The Moses of the Alberta farmers," Henry Wise Wood was perhaps the most outstanding figure, politically and economically, the agrarian movement in the west has produced. The genius and directing spirit of the United Farmers' organization of this province, he was also president of the Alberta Wheat Pool and vice-president of the Central Selling Agency of the three western pools. By virtue of his position, he was often described as exercising a subtle but beneficent "dictatorship" as regards his relations with the farmer government at Edmonton.

Dedicatorial Services June 29th

The new combined Stake and First Ward house, which has been completed for some months, will be dedicated on June 29th, with two and possibly three sessions being held.

Complete details of the program are not worked out yet, but it is expected that a member of the First Presidency, possibly Elder David O. McKay, will be present to offer the dedicatory prayer and singing will be furnished by the massed choirs of the Stake, this part of the program being directed by Wm. C. Stone, Stake Chorister. More details next week.

NEWS NOTES

Geo. McRae of the Mid-West Paper Sales, Calgary, was in town yesterday.

Alex Leishman, farmer of Hill Spring and son-in-law of Alfred Garner, was a Raymond visitor Thursday.

Miss Marie O'Brien, a recent bride, was honored at a shower at the Raymond 2nd Ward Thursday evening. More details next week.

The King's birthday being celebrated on Monday, banks, the Post Office and legal offices were all closed, but stores and shops remained open.

HARRY LARSON GETS HIS WINGS—IS HOME ON LEAVE

Harry, nineteen year old son of Mr. and Mrs. Roscoe Larson, is home now on a short leave after graduating on Monday from the flying school at Saskatoon, Sask., where he received his wings. He has been in training since late summer of last year.

Harry is a native son of Raymond, and was amongst the first to be received into the Air Force, being called up while he was in training camp last year with the local section of the 6th Field Park Co. He received his education here in the Public and High School, and was active in Boy Scout work during his younger years, being a King Scout in the Raymond 2nd Ward.

Always interested in aircraft, he was keen on enlisting long before his age would allow, and he was really thrilled when he was called up. After his visit he expects to be stationed at some Eastern Canadian school for further training, preceding active participation in air battles.

BRIDAL SHOWER

Miss Irene Redd, a bride of last week was honored at a miscellaneous shower in the First Ward Church Tuesday evening, the event being sponsored by her girl friends, including Misses Bird Mendenhall and Martha Thomas.

An interesting program was rendered, followed by dainty refreshments, and afterwards, the bride assisted by a number of her friends unwrapped the lovely and useful gifts received and thanked all for their kindness.

Mrs. O. E. Hall of Taber spent the week-end visiting with her mother, Mrs. Sarah J. Holmes, and other relatives of Raymond.

C. R. Wing of the 1st Ward Bishopric and a car full of people from his ward were at the Temple Wednesday evening.

Jas. H. Walker, M.L.A., was the speaker in the First Ward meeting Sunday night on the subject of the Victory Loan, and a nice program of patriotic music rounded out a fine evening.

REGULAR COUNCIL MEETING

Regular meeting of the Town Council was held Tuesday evening. The bills for the month were passed and other routine business taken care of.

It was decided to continue the pressure on tax arrears to get them off the books and thus improve the position of the Town.

By a joint arrangement, a side walk will be constructed across the front of the new Stake and Ward House. Work will start on this at once.

The resignation of Sam Dyson was accepted with regret, and a vote of appreciation passed for his long and diligent service with the town. No successor was appointed and L. Adams, utility man, will take charge for the time being.

If Calf Gets Man Down Who Win Prize

Stampede goers should get a bang out of the Business Men's Calf Roping Contest, all lined up for the big show on July 1st and 2nd. It will be new and different and good.

At least fifteen must enter, and when the calves are hazed out of the chutes the hemp artists will try to catch and tie the calf, or at least tangle up the calf. One question threw at us this week was, if the calf gets the man down, does the calf get the prize? We are putting this question out so the judges can have a ruling made on it before Stampede time.

The management decided to save expense and discomfort, that horses would be barred from this event, and contestants must rope on foot. Amongst the entries to date are: Mayor Cope, Jack Judd, Morris Holt, Rayo Woolf Poley Hawkins, Lee Brew-

erton, Dean Holland Alvin Jones Truman Holt, Velv Heggie, Hyrum Fromm, Lloyd Gilmonr, Shirley King Milt Wolsey, Mose Fromm and S. I. May. Entries can still be made and so far as we know no bets are disallowed, so long as profits are turned over to the Lord Mayor's Fund. Don't feel offended if your name is not here, Lee Brewerton or Rayo Woolf will take your entry.

Grounds are being put in condition, entry forms are out now to the boys and entries will be coming in rapidly from now on. From all indications it looks like a big year for the Stampede and if it is, Raymond will really be heard from in its contribution to the Lord Mayor's Fund for Air Raid Victims, and in the fund for local men when they are released from military service.

NEWS NOTES

Mr. and Mrs. E.A. Price and family of Picture Butte spent Sunday and Monday in Raymond with relatives and friends.

T. Clifford Rees of the Printing Machinery and Ink Co., of Winnipeg, Man., was here last Friday on his annual visit of the prairie printers.

A chill wind blew Saturday and Sunday and a small fire really felt good. Monday morning it rained for a couple of hours, with a shower in the afternoon. This rather cleared the sky and Tuesday morning was clear and bright.

Quite a number of Raymond musical students were in Lethbridge the first part of the week taking their examinations under the watchful eye and keen ear of Sir Ernest MacMillan, president of the Toronto Conservatory of Music who was there conducting the tests.

The Welling road is in pretty fair condition now following a working over by the Municipal outfit. In general with other roads, the gravel is getting rather scarce here, and as a matter of economy it looks like a thin coating of new gravel would be a smart economy move for the district.

The weather is having some difficulty in clearing up, showers falling nearly every day. However, between showers beet thinning is being pushed with all possible speed, and the fields are certainly giving promise of a fine crop. Gardens are making good growth but a few vegetables have been held back by the storms.

Last Saturday the 2nd Ward Seventies, with the help of a number of High School boys thinned their five acre patch of beets, planted on the Rulon Dahl farm west of town. The work was finished up at 6 p.m. but there were quite a number of sore backs around the next couple of days. The beets are a fine stand and looked exceptionally fine after their working over.

Miss Arminto Kearn spent the week-end with her parents and friends in Cardston.

Mr. and Mrs. Murray Holt and family of Raymond were Sunday visitors at Mrs. Holts parents home in Magrath.

Leonard Watson was busy Monday painting on his house, making good use of the Factory holiday.

Thursday morning's newscast reported a million and a half Nazi troops massed on the Russian border. What for?

Raymond's Victory Loan subscriptions to date are just over \$68,000.00 and are still coming in.

Sunday School Stake Board members were out Sunday visiting the branches at Wrentham, Warner and Tyrells Lake and some of the Wards too.

It was surprising to see how hard the ground had crusted after the recent rains. It was really hard hoeing for the first inch or so. Some gardens had to be watered just a trifle on top to soften this crust before they could be worked.

When Lethbridge pushed their Victory Loan campaign over the top Wednesday, they had a big program and bonfire on the corner by the City Hall to celebrate the event. With a quota of \$540,000 they reported subscriptions of \$560,000 at the celebration. They were, too, the first city in Canada to go over the top. Congratulations to the Committee members and to the citizens of Lethbridge.

Mr. and Mrs. A. E. Cahoon and family were in High River on Sunday where they went to attend the funeral services of Mrs. Cahoon's grandfather Mr. O. Malmberg, who passed away in the High River hospital on Thursday. An old-timer of the foothills district, deceased was well and favorably known by many Raymond people and we extend our sympathies to his sorrowing family and relatives.

Local Men Enlisting For Active Service

BUY YOUR BOND

Ottawa Ont.
June 12th. 1941

Recorder.
Raymond, Alta.

While many Rural Communities are giving a splendid reception to Victory Loan Canvassers, War time messengers on His Majesties Service the necessity still remains for every citizen to strain his resources to the utmost if the loan is to be a success. The advantages of buying Bonds on the installment plan have not yet been fully realized. This plan was designed for the convenience of small buyers. Many rural Units have already exceeded their objectives and are daily establishing new records for number of subscribers obtained. To date 386,873 individual investors have subscribed \$372,556,300.

John R. Heron.
Dom. Publicity Committee.

The above telegram was received yesterday afternoon and show the fine support being given across Canada to the Victory Loan. —Ed.

NEWS NOTES

Mr. and Mrs. Don C. Rodeback and a carload of 2nd Ward people were at the Cardston Temple for the evening session on Wednesday this week.

Saskatchewan is preparing for 200 Mennonites and conscientious objectors who will take four months labor instead of the military training. Saskatchewan is using the labor in her parks.

Wm. Paris was busy Thursday constructing a new septic tank for Brewerton's Ltd. An addition about 20x30 feet will be built at the rear of the Sugar Bowl to enlarge these premises. Theodore Ehlert will have charge of this work.

Speaking with J. W. Evans local fieldman for the Sugar Co. he informed us that beets had made fine growth throughout the district and were healthy and vigorous. The only question now was getting them thinned before the weeds took too much out of the soil. Some fields are pretty weedy, but thinners are busy at daylight every day getting thinning done.

Speaking to the House of Commons on Wednesday, Defence Minister J. L. Ralston reported that since the present recruiting campaign had opened across the Dominion 10,344 men had enlisted in the armed forces of the Dominion. This is about one third of what is needed for the completion of the program which called for 32,000 men.

Two new homes are in course of construction here at present and several additions and improvements are coming up. Excavation work is under way on the basement of a new home for Mr. and Mrs. Teddy Grey and family on the lot just east of Booth's Card's residence. Theodore Ehlert has this job in charge and Henry Kendall is building a home just north of the W. G. Meeks residence for Glen Meeks.

The past ten days has witnessed quite an enlistment for active military service of a number of local men.

On Tuesday evening of last week the members of the Raymond section of the 6th Field Park Engineering Co. were in Lethbridge for a medical examination and all but two were given the O. K. of the examiners. We understand from Sgt. Dyson that all these men are now subject to a 48 hour call for active service anywhere in Canada for guard and picket duty.

With talk of mobilization in the air, quite a number of these and other men have enlisted, and recent volunteers include the following.

Sam Dyson with the rank of Staff Sergeant. Roy F. Brown Willis E. Jamieson, Bert E. Piepgrass, Howard Hicken. O'Shiro Yasuo, and Roy Howard. If others have recently enlisted we would like to have their names.

The Town grader has been going steady the past ten days smoothing up some of the streets. None to soon, either as some of the cross roads especially were full of holes two feet deep.

WEDDING BELLS

JENSEN—REDD

Miss Irene, third daughter of Mr. and Mrs. Wm. Redd, and Bryant, oldest son of Mr. and Mrs. Henry Jensen, were united in marriage last Thursday at the Alberta Temple with Pres. E.J. Wood officiating. Parents of both bride and groom and a large number of friends and relatives were present to witness the ceremony and to extend their best wishes to the young couple for a long and happy married life.

The young couple will make their home in Raymond, and the bride is continuing her teaching for the remainder of this term at least, and the groom is reporting at once for the four months military training. Both are popular young people of the town and we extend our best wishes with those of their many friends for the future success and happiness.

MATKIN — O'BRIEN

A wedding of interest took place at the home of the bride's mother on Sunday, June 8, when Marie, second daughter of Mrs. C. A. O'Brien became the bride of De Voe Matkin fourth son of Mr. and Mrs. Henry Matkin of Lethbridge.

Bishop L. L. Palmer, uncle of the bride, performed the ceremony. Only immediate relatives were present. The room was gaily decorated with bouquets of iris, pansies and yellow roses. The bride was charming in a poudre blue tailleur with white accessories and a corsage of yellow roses.

Nova O'Brien was her sister's bridesmaid and was smart in a grey tailleur. Phillip Matkin supported his brother as best man.

Following the ceremony a wedding supper was served.

For going away the bride chose a smartly tailored black suit with poudre blue accessories.

S. I. MAY Editor.

WE WON'T LET BRITAIN
DOWN

(Chauvin Chronicle)

Winston Churchill said "Give us the tools, and we will finish the job."

The average person reading these words think of guns, aeroplanes and tanks as the tools of war. They are, it is true.

There is another tool of war, without which, the construction of the guns aeroplanes and tanks must cease. That tool is money—the most necessary of all tools.

The Government, in this Victory Loan Campaign, asks for your money—not to give it,

but to lend it.

This appeal is particularly addressed to the small investor, to the man who can lend \$50.00 or \$100.00 or \$500.00. This war is the people's war, and the government must have the people's money.

It is just as important for the man who can loan \$50.00 as for the man who can loan \$50,000 as the former are many while the latter are few.

Most of us here do not know war; we only know of war. We have not seen its destruction, or felt its horrors. It can hardly be said that we have even felt its sacrifice. We are far from the scenes of battle, snugly isolated from even remote danger of invasion. Yet that very feeling is a weapon that Hitler can very well use to our own destruction. He who sits complacent by back is not worthy of the name of a free man. The complacency of yesterday are but the slaves of today.

We must all get into the front lines, and bring ourselves as close as possible to the enemy—not, of course, in actual combat but in supplying the means of combat. We should not wait to

asked to make a sacrifice we must desire to make a sacrifice.

By lending your money you are helping to shorten the horrors and sufferings of those who know war in all its hideousness. Selfish, indeed must the person be who will not lend, when by simply lending he can help bring a brutal conqueror to his knees.

The Victory Loan is in full swing. Because bonds can be purchased for as low as fifty dollars, \$500 of the people of are potential investors. A canvasser will call on you in a few days. Make his task easier for him by subscribing to your utmost limit. It is a good investment, interest paid annually at 4 percent.

The larger investor sensing a good return on his money and recognizing a most worthy cause, will, we feel sure, lend to the best of his ability. Those blessed with a greater abundance of the world's goods should be asked to make a sacrifice we possible to the country that has given them the opportunity to make those goods possible.

Never before in the history

of the world have our institutions been threatened as they are today. Nazism has supplanted Communism as the greatest foe of all that is dear to the human heart. It is a monster that counts its victims by the tens of millions; a beast that feeds on the blood of innocent men, women and children.

It must be stoned! Help stop it by subscribing to this loan.

RE-ARMAMENT GAINING POWER

New York, June 9. Calling on patriotic Americans to "break the bottleneck of confusion and division, & anticipate the strategy of the subversive forces," Dr. Frank Buchman, originator of Moral Re-Armament, has announced a nation wide campaign to build morale through "sound homes, teamwork in industry, a united nation."

The occasion was Dr. Buchman's sixty-third birthday, and was marked by the receipt of telegrams from all parts of the United States, pledging participation in the campaign. At the

Anderson's Plumbing & Heating

Lockheed Aircraft factory in Los Angeles, management and union representatives announced that they were jointly distributing to their entire personnel 33,000 copies of "You Can Defend America," the handbook for the campaign.

A group of Members of the British House of Commons cabled: "Congratulations on successful campaign which is undoubtedly making material contribution to allied victory and lasting peace."

Lord Mayors, steel workers, millgirls and mill managers, R. A. F. pilots, men in the British

Navy and in all branches of the fighting forces, and editors also, expressed their gratitude for Moral Re-Armament. Bombed-out people from the East End of London, where Moral Re-Armament was first launched, cabled that they saw in this program the secret of morale now, and the only hope of a better world after the present war.

"The message of Moral Re-Armament is simple, non-partisan, undenominational, non-sectarian, and non-political," said Dr. Buchman. "It creates the qualities that make democracy function. It gives to every man the inner discipline he needs, and the inner liberty he desires. It gives new dignity to labor. It restores confidence to business, and removes the costly overhead of fear. It brings to the support of government the responsible initiative of every citizen."

Moral Re-Armament aims to evoke, encourage, and combine the moral and spiritual responsibility of individuals for their immediate sphere of action. It builds for democracy an unshakable framework of actively selfless and self-giving citizens whose determination to bring unity cannot be altered by any beckonings of personal advantage, and who know how to pass along to others their panic-proof experience of the guidance of God."

our way of life!

DOWN THROUGH THE AGES

Britons fought and suffered and died in order that their children and their children's children might be free. Today the forces of darkness threaten to engulf us once more. Shall we give up those rights which our forefathers won?

Today our country must arm. No time can be lost. We must build the greatest war machine the world has ever known. We must accomplish in two years more than the enemy has accomplished in seven.

That is why Canada needs your savings—not as a gift, but only as a loan. Canada's army must be maintained and equipped with the most modern fighting machines. Scores of warships and merchant vessels must be built. Thousands of planes, thousands of pilots must be rushed to the scene of conflict.

So Canada needs the use of your money now. Later on, Canada will repay you in full. In the meantime, you will receive regular interest on your loan.

When you buy Victory Bonds, all Canada is your security. These Bonds are more readily turned into cash than any other.

HOW TO BUY—Give your order to the canvasser who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Canvasser, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

PULP AND PAPER MILLS MOBILIZE MACHINE SHOPS TO SPEED WAR SUPPLIES

Co-ordinated Effort Helps Heavy Armament Industries to Meet Urgent Needs

Montreal, June 9—Canada's pulp and paper industry, largest single industry employer in the Dominion, has mobilized its wide spread machine shop facilities & highly skilled technical staffs to give specialized assistance to heavy industries engaged on war orders.

How the industry has pioneered to meet this urgent need is an outstanding example of co-ordinated effort coming from within an industry, and sets a pattern for vastly wider plans to stimulate production of war supplies.

In brief, this is what Canada's pulp and paper industry, through the efforts of individual companies, is doing to aid machine shop output throughout the Dominion: Educating skilled workers from the general mill staff of pulp and paper mills so there will be a steady flow of capable workers to replace those released or loaned to war industries; releasing or loaning technically trained staff and skilled workers to form the backbone of organizations needed to operate war industries now expanding

or about to come into operation; using machine shops existing at all pulp and paper mills to make the smaller parts and assemblies needed to complete larger machinery units.

To understand the magnitude of the third part of this plan it must be realized that there are more than 75 pulp and paper mills in Canada which operate substantial machine shops for maintenance of their own machines and equipment, in them especially trained mechanics can carry out carefully selected work of the right type and character in a highly satisfactory manner.

The machine shops in the pulp and paper mills normally operate one shift of 48 hours a week. This leaves 96 hours per six day week in which of 48 hours a week. This leaves 96 hours per six day week in which they are available to do useful war work—if the work is brought to the tools. Today, through the Wartime Machine Shop Board of the Canadian Pulp and Paper Association substantial volume of work has been brought to the pulp and paper mills' machine shops. As a result, these machine shops are now busy twenty four hours a day.

All these activities are so planned that this contribution to the country's war effort is made without impairing production of pulp and paper products. During

1940 the industry exported pulp and paper to the value of some 240,000,000—most of which represented U.S. dollars so vitally needed by the Empire today; for 1941 this figure will be even larger.

The pulp and paper industry, through planning and coordination, is increasing its already effective contribution to Canada's war effort. The wide-spread and successful results achieved already by the Wartime Machine Shop Board indicate that this phase of pulp and paper mill activities will play an increasingly large part in winning the battle in this war of machines and equipment operated by resourceful Canadians.

Sat. & Sun. Only, Ice Cream Special at Coffee Shop. See ad.

Speakers at the 2nd Ward Sunday evening were Pres. H.S. Allen speaking on the Victory Loan and Sergt. S. Dyson, prior to his leaving for active service. Several special musical numbers added to the interest of the program.

Raymond is justly proud of the two pennants hanging beneath the Victory Loan flag at the Town Hall. Subscriptions are still coming in and at the end of the week the quota had been more than doubled. Congratulations again to Raymond citizens and to the committee.

NEWS NOTES

Morrel Elder was putting a couple new truck tires on his truck last Friday. Re-tiring a car is enough, but when you start on a truck, wow.

Owen Lee we understand has purchased the old Teddy Grey home and will move in as soon as the new Grey home is finished.

Miss Nova O'Brien, who has been on the local telephone staff for some years past, has accepted a position on the Cardston staff and left over the week-end for her new position. We wish her well and hope she is very happy in the Temple City.

After several days delay because of excess water, the foundation for the extension to the Servicentre Garage was run on Saturday last and work on the walls is under way now. This addition will be 32 by 60 and will give H. a nice lot of floor room for his repairs and body work. T. K. Roberts has construction in charge.

According to a recent announcement bonus checks for summerfallow will be received by farmers during August and September. In talking with quite a number of farmers here and in other districts there is much dissatisfaction in the bonus plan, because of its unfairness, and its own guess that it is not likely to be repeated without some drastic changes.

Following up their four year program of improvement and modernization, work started this week at the Sugar Factory on the removal of several pieces of obsolete equipment to make way for the installing of newer and faster units to take their place. The change will require a number of additional men and will be finished in time for the fall campaign. More details later.

Radio despatches Wednesday night announced that German forces were being massed on the Russian frontier, and it was reported that relations between Nazism and the Soviet had been severed. The world will anxiously await developments here as it would throw an entirely new light on the whole picture if these two supposed friends should come to grips now.

NOTICE!

TO WHOM IT MAY CONCERN

NOTICE is hereby given that the Reeve and Municipal Council of Sugar City M.D. No. 37 propose passing a By-Law authorizing the closing of and selling to suitable purchasers:—

The Following described Streets and lanes situated in Sugar City M.D. No. 37.

Those lanes in Plan 1344J, lying between the lots listed below:

Lots	2 and 3	28 and 29
6 and 7	35 and 36	
10 and 11	43 and 44	
14 and 15	26 and 27	
18 and 19	37 and 38	
22 and 23	41 and 42	
30 and 31	45 and 46	
33 and 34		

The lane lying to the East and bordering on Lots 1, 8, 9, 16, 17 and 24 in Plan 1344J.

Also Lanes in 1345J between Lots listed below:

Lots	35 and 36	17 and 18	27 and 28
39 and 40	25 and 26	31 and 32	
51 and 52	33 and 34	43 and 44	
55 and 56	41 and 42	47 and 48	
67 and 68	49 and 50	59 and 60	
70 and 71	57 and 58	63 and 64	
	65 and 66	74 and 75	
	72 and 73		

Also Lanes in 1346J between lots listed below:

Lots	7 and 8	5 and 6	16 and 17
12 and 13	14 and 15	20 and 21	
40 and 41	22 and 23	32 and 33	
44 and 45	30 and 31	36 and 37	
56 and 57	38 and 39	48 and 49	
60 and 61	46 and 47	52 and 53	
72 and 73	54 and 55	64 and 65	
	62 and 63	68 and 69	
	70 and 71	77 and 78	
	75 and 76		

Also Lanes in 1785J, between Lots listed below:

Lots	14 and 15	12 and 13	10 and 11	6 and 7
18 and 19	20 and 21	22 and 23	26 and 27	
46 and 47	44 and 45	42 and 43	38 and 39	
50 and 51	52 and 53	54 and 55	58 and 59	
60 and 61	36 and 37	28 and 29	5 and 28	
			6 and 27	

Also Streets and Lanes between Lots and Blocks included in Plan 4489J.

Blocks	85 and 86	87 and 88	137 and 129
	95 and 96	93 and 94	130 and 122
	99 and 100	101 and 102	131 and 125
	109 and 110	117 and 118	132 and 134
	113 and 114	98 and 111	133 and 134
	86 and 87	99 and 110	146 and 147
	94 and 95	100 and 109	147 and 150
	100 and 101	101 and 108	145 and 152
	108 and 109	102 and 107	144 and 153
	114 and 115	103 and 106	143 and 154
			142 and 155
			141 and 156

Lane in Blocks 186, 191, 192, 201, 208 and 193.

Streets between Blocks 186 and 191; 190 and 191; 206 and 207.

Lane between Lots 3, 4 and 5; and 7 and 8 in Block 199.

Street between Lots 7 and 8 in Block 199 and Lot 3, Block 198.

Also the Street lying south of and bordering Lot 2, Block 77

Also the Street lying south of and bordering Lot 2, Block 78

Also the Street lying south of and bordering Lot 2, Block 79

Also the Street lying south of and bordering Lot 2, Block 90

Also the Street lying south of and bordering Lot 2, Block 81

Also the Street lying south of and bordering Lot 3, Block 82

Also the Street lying south of and bordering Lot 2, Block 83

and extending along that portion of the South half of Section 7, left out of, and not forming a part of sub-division 4489J, Raymond.

Also Lanes and Streets in Plan 4347Y, extending through, or adjoining the Blocks listed below:

Columbia Avenue between Blocks 4 and 11,

Brant Avenue between blocks 11 and 13, also the lane through Blocks 11, 12 and 13.

Alberta Avenue between Blocks 12 and 21,

Alberta Avenue between Blocks 13 and 20, also the lane through Block 20.

"Where You Get More of the Best for Less"

Over the week-end Theodore Ehlert traded his car on a used Chev. light delivery.

Life is a funny proposition. You're cursed when you do and you're cursed when you don't. All a person can do it try.

F. H. Ballou, engineer of the C.S.F. arrived here on Tuesday to supervise the changes at the local mill and will be here most of the summer.

Ross F. Gibb of the Picture Butte plant of the C.S.F. and family have been here frequently during the past few weeks while Ross has been assisting with some technical work at the local office.

Raymond Coffee Shop

VANCOUVER, B.C.

Today's traveller to Vancouver finds Hotel Grosvenor fits his or her needs best of all. Distinctly quiet and without a bar, you are assured a good night's rest. As you awake refreshed, you find the shopping business, financial & theatre districts right at the door. The rates are low—commencing at \$1.50 and \$2.50—and the hotel and dining room service is excellent.

NEWS NOTES

W.A. Heninger has traded his
Ford Sedan in on a lovely Nash
Sedan, the trade being made
last week through Frank Rut-
ten, Nash salesman.

Canada's Victory Loan on
Tuesday morning was reported
as past the half way mark with
subscriptions totalling \$209,897,
400 reported to Ottawa. Com-
mittees across the Dominion
are still going strong.

Mark, son of Mr. and Mrs.
Rhonda Dahl has been accepted
for service in the Air Force and
if he passes his final examina-
tion, will report for training on
June 28th, just as soon as he
leaves school.

Theodore Ehlert and Sons
have been busy the last week
finishing up the one room of Bish-
op Palmer's home which was not
completed last year. About six
weeks ago Milton Strong built
a new fireplace and now the
Ehlerts have been plastering
and flooring the big front room.

WANTED! MEN TO FIGHT FOR FREEDOM!

**Get into the battle against
Hitlerism—Enlist Now!**

This is Canada's fight—and YOU are Canada. Everything for which
you have worked and planned—your life, your home—are threatened
by the fiendish attacks of the Huns and though we toil in the factories
to produce weapons with which to crush them, these weapons
are useless without MEN.

The Canadian Active Army requires men for Artillery, Engineers,
Signals, Armoured Cars, Tanks, Infantry, Transport and Supply,
Medical, Ordnance and other branches of the Service. The Army is
prepared to teach many trades, and to train you to efficiently
handle Canada's weapons of war.

Go to your nearest District Recruiting Office. Find out about these
Units; how they work, what they do. See just where you'll fit in.
See where any particular skill you possess can best be utilized.
Then join up for ACTION.

Apply to nearest **DISTRICT RECRUITING
OFFICE** or any Local Armory
